Serge Storms' Cadillac Beach is a haunting and unforgettable novel that explores the dark secrets of a small town and the devastating consequences of forbidden love. Set against the backdrop of a crumbling seaside community, Cadillac Beach delves into the lives of a diverse cast of characters whose lives are intertwined in a web of secrets, betrayals, and long-buried tragedies.

The novel opens with the discovery of a body on Cadillac Beach, a desolate stretch of sand that has long been a source of both mystery and fear for the locals. As Detective Michael Bennett investigates the murder, he uncovers a complex web of relationships and hidden motives that implicate nearly every resident of the town.

Among the suspects are: Emily Carter, a young woman who has recently returned to Cadillac Beach after a long absence; her estranged husband, Jack, who is still struggling to come to terms with her departure; and Father John O'Malley, the town's enigmatic priest, who harbors a dark secret of his own.

As Bennett delves deeper into his investigation, he discovers that the murder is just the tip of the iceberg. Cadillac Beach is a town with a long

history of violence and corruption, and the secrets that its residents have been hiding for years are finally coming to light.

Cadillac Beach is a gripping and atmospheric novel that kept me on the edge of my seat from beginning to end. Storms' writing is both lyrical and suspenseful, and his characters are complex and unforgettable. I highly recommend this novel to fans of mystery, thriller, and suspense.

## About the Author

Serge Storms is the author of several critically acclaimed novels, including Cadillac Beach, The Hourglass, and The Judas Kiss. He lives in New York City.
